APPROVED 6-5-19

**MINUTES**  
**April 24, 2019**

The following are the minutes of a public hearing held Wednesday, April 24, 2019 at 6:30 PM in the City Council Chambers, Fourth Floor, City Hall Annex, 274 Front Street, Chicopee, MA 01013.

**Members Present** Laflamme, Labrie, Roy, Brooks

**Not Present** Zygarowski

**Also Present** Dan Garvey (Associate City Solicitor), Councilor Tillotson, Councilor Courchesne, Councilor Balakier, Lisa Sanders (Health Director), Alvin Martin (Assistant Superintendent Schools), Council Vieau, William Jebb (Chief of Police), Lieutenant Pat Major (Police Department) Elizabette Botelho (DPW Superintendent)

The meeting was called to order at 6:30 PM

In compliance with the Open Meeting Law the Chairman asked if anyone in the audience was recording the meeting. Hearing none the meeting continued.

**ITEM #1**

BE IT ORDERED THAT the Public Safety Subcommittee meet with representatives of Walmart to discuss ongoing security issues, shopping carts, and litter.

**Councilor Dobosz** stated he has issues with litter at Walmart not just on the property but it is affecting residents in the area. He stated on Memorial drive there is trash and plastic bags and residents are complaining their property is covered in litter. He stated that studies show that the more litter and garbage around there is more crime. He stated his concern about shopping carriages, there seems to be an increase in carriages all around Walmart and up and down Memorial Drive. He stated that we have to call DPW and they have to take time to address that. He stated it has been a consistent problem. He stated that the biggest problem that he has is the crime and tying up our Police Officers. He stated that the beginning of 2018 until August there was one to three police responses a day and that's higher than anywhere else in the city by far. He stated before he was a Councilor we had

some serious crime issues in downtown Chicopee and we took steps as a Council to address the crime; we put in cameras and a number of things. He stated he's curious why we don't act the same way when we have a similar problem here at Walmart. He stated that there is a lot of shoplifting, car break-ins, fights and even car accidents. He stated that we have a Police Officer posted there just to deal with the police responses there. He stated that there's more crime here than anywhere else in the city. He wanted to know what Walmart is doing in terms of safety and security and if there's any plan to address the security issue. He stated that this has been going on for at least a decade. He stated that five years ago Chicopee Walmart made national news; it was number four or five as one of the highest crime Walmart's in the country. He asked if they're addressing the crime to make it more safe for residents.

**Richard Webster** Co-Manager of Walmart was present he stated they have installed a lot cop system inside the parking lot strategically around the perimeter of the building and in the front parking lot of the building. He stated it is supposed to deter crime in the parking lot and make the customers feel safer. He stated on average we have seven thousand customers come through the door every day. We have four to five protection associates in the course of a day and more so on the weekends and that's in an effort to reduce and deter the shoplifting. He stated that our biggest goal is to deter the shoplifting before it occurs so we don't have to call the Police Department.

**Councilor Roy** asked if the Lot cop is a manned system.

**Richard Webster** stated it's an electronic system that is monitored and on tape. He stated that it is not monitored twenty four hours a day.

**Councilor Tillotson** stated that recently part of that property changed hands. It used to be called Chicopee Holding Corporation and now it's the RK Center Corporation. He stated that they bought part of that parking lot. He stated that he sees trucks in there such as a Target trucks and campers camping in there in the fall and decent weather. He stated that it has become a truck stop. He asked how far does the Walmart parking lot end before you get to Home Depot.

**Richard Webster** stated on the sides of the building to the access road on the side and coming in from Memorial Drive up to the road where you take a left where you go to the other shops. He stated on the side where our on-line grocery pick-up is, that's there responsibility. He stated that when you get to the Dollar Tree that's not us.

**Councilor Tillotson** stated that part of the problem is to know who is responsible for what. He stated that you really need to do something to make that parking lot more pleasant so it doesn't look like a truck stop or camping ground. He stated if you can work with the other owner to see where the demarcation line is. He stated that we need to get it cleaned up.

**Richard Webster** stated the center of the lot towards the front of Walmart is our area of responsibility. He stated the way to tell the difference is our lights in the parking lot. He stated all of our lights are consistent with the areas that we are in control of.

**Councilor Brooks** stated Walmart actually encourages or allows for campers to park overnight.

**Richard Webster** stated no we do not encourage it anymore.

**Councilor Brooks** asked how are you discouraging it. He stated if you leave at closing time, why wouldn't you use the resource of the Police Department to then no trespass those

folks who are constantly littering that portion of your parking area with big rigs and campers using it to park for free. He stated if you have the resource on site for other unfortunate reasons why not utilize it in a more positive more beneficial way. He stated that it's an eyesore. He stated if he accesses it during the weekdays, trying to traverse through the parking lot is often times unsafe and the line of sights is blurred to gain entry into the other portions of the market place. He stated that you have these people that park inconsistently over a large span of space that it makes it difficult to traverse diverse in and out of the different shops. He stated maybe using the resource of the Police Department to move people along, to mitigate people's belief that there is free parking at Walmart.

**Councilor Laflamme** stated that he has received calls from residents that their tax money is used to buy another police car for Walmart.

**Chief Jebb** stated that a few years ago we did a study and we found that the Police Department was up at Walmart quiet a lot. He stated that the district car covering Burnett Road district 5 was busy at Walmart. He stated that in the last six months alone we had One thousand calls, thirty three arrests and of the three thousand calls went out three hundred times. He stated what had occurred is we found a gap in our service to the citizens of Chicopee. He stated we are putting citizens at risk because we didn't have a Police Officer because they were tied up at Walmart. He stated that if the Burnett Road car was tied up on an arrest at Walmart, which would take that car out of service at least an hour to an hour and a half, you wouldn't have a cruiser up at Burnett Road. He stated we restructured the beats; we added a car, shrunk the beats and we stuck district three in the heart of Walmart to focus primarily on that business area and thus keeping district 5 up in that Burnett Road area at all times and district 6 available to the residents as well. He stated that we made those modifications to accommodate our residents. He stated that we are still spending a lot of our resources up at Walmart.

**Chief Jebb** stated that the camera system is amazing and it's worth noting that we solved a lot of crimes. He stated that the Walmart security team is restricted to what they can do and the general public is well aware of that. He stated that poses a problem and it's continuing as a result of it. He stated that his recommendation would be for Walmart to hire fulltime police officers, when you see someone standing there with a gun, that's a big deterrent. He stated that you need some specific signage for the truck parking issues and when the Police are doing their property checks they can enforce it and that would rectify the problem.

**Councilor Laflamme** agreed that there should be a Police Officer there. He stated that you have seven thousand people per day coming in and out of Walmart. He stated that he would like to see Walmart, the Police Department and the City Council work together on this issue.

**Councilor Dobosz** stated he strongly recommends that Walmart consider hiring a Police Officer fulltime. He stated that he is a correctional officer in the local jail. He stated that a camera system might be able to catch them stealing but it won't deter them from doing it. He thinks a Police Officer there will not only deter criminals but also make residents feel safer. He stated that he talks with residents all the time and they don't shop at the Chicopee Walmart because they do not feel safe. He stated that it's frustrating to deal with Walmart in general. He stated that he has been to the store, left his card and never received a response. He stated that anytime he has tried to contact management from Walmart, he has never gotten a response.

**Richard Webster** stated that he's only been in that location for three months. He stated that a lot of these issues are new to him. He stated he wants to work collaboratively on these issues to fix them.

**Chief Jebb** stated that we have a good relationship with Walmart but I think it's time to change our strategy. He stated that none of his family goes to Walmart because they don't feel safe.

**Councilor Tillotson** asked if Walmart owned the clothing donation box. He stated it's an eyesore and it's not monitored.

**Richard Webster** answered no.

**Lisa Sanders** stated that we ticket the owner of the donation box as well as the owner of the property. She stated that some owners have gotten rid of the donation boxes.

**Councilor Labrie** stated that we had a policy with the shopping carts that we worked out with prior management. What is your policy with picking up stray carts in the neighborhood.

**Richard Webster** stated that the Assistant Manager bought a trailer and he has been going around a couple of times a week to pick up the carriages. He stated we do get phone calls on where the cart are and we do have a gatekeeper electric shopping cart coming from a store in Long Island and that should help a lot. He stated that we don't have the resources to send someone out every day to retrieve the shopping carts. He stated that we go out a couple times a week because they end up behind the Quality Inn, behind Aldies, across the road at BJ's and everywhere. He stated with the new gatekeeper carts they will not be able to leave the boundaries of the parking lot.

**Councilor Laflamme** stated whether you have the resources it's a public safety issue and you should make every effort to get those carts off the streets. He stated the carts role in the middle of Memorial Drive and that's a public issue for us and that's why we are having this meeting.

**Elizabette Botelho** stated that Katrina Ward is the store manager. She stated that when she gets notification that there's a cart or she sees one, she sends her a message. She's been fairly responsive and the carts are gone within a day.

**Councilor Courchesne** asked if the Police file the complaints or Walmart.

**Chief Jebb** stated that it depends on the volume and the issue at hand. Walmart handles a lot of them and we handle the more severe ones.

**Councilor Courchesne** stated that the owner of the parking lot can have those cars towed. That might help eliminate some of the officer time.

**Councilor Vieau** stated do you have some type of action plan that you're considering now or is it something that you have to work at a regional basis with Walmart. He stated at the end of the day we just want the people to feel safe and that's why we're here tonight.

**Richard Webster** stated we have the Lot Cop and the Gatekeeper system coming in, as far as getting detail at the store that's above me, I would have to pass it along to the right personnel.

#### **Public Input**

**Daniel Hackett** stated that he took pictures of the trash bags in the trees in his back yard.

He stated he picks up Walmart bags off of his property. He stated that he cleans along the river all the time. He stated that Katrina Ward is the only one who has listened to us in the last twelve years, she's given me her number. He stated that there used to be a landscaping company that was keeping it clean all the time but they are no longer there, apparently it wasn't cost affective. He stated that he lived here for years and is a tax payer and he shouldn't have to pick up the trash. He stated that he spent Christmas morning and Father's day cleaning up his property and on Easter he called Katrina to have it done because he had people coming from Ireland and he didn't want them to think they were living in a slum. He stated that right now that field gets packed with bags. He asked if Walmart had a plan.

**Richard Webster** stated right now Walmart has a new landscaping company and we just put in a new work order on Thursday to get the sections of the fence taken care of, we took pictures and sent it up.

**Daniel Hackett** 33 Slate Road stated he would wait and see.

**Councilor Laflamme** stated it's like a funnel back there and stuff is flying around. He stated when he tried to take pictures it was all over the place. He stated it fly's up in the trees and it looks horrible.

**Susan Lopes** 161 Slate Road stated that she's there representing her husband and parents as well. She stated that for years they have seen carriages scattered all over our neighborhoods. She stated it's annoying, it ruins the landscape and there's no reason why the carriages have to stay in the same place days on end. She stated it hasn't been as bad in the past year so she thinks there are efforts being made to collect the carriages. She stated that coming off Memorial Drive into Walmart there used to be a four way stop sign but it has not been there for a couple of years now.

**Elizabeth Botelho** stated that Walmart is not allowed to have a stop sign there it is part of DOT's access agreement. She stated that DOT did not want traffic backing up on Memorial Drive so Walmart was required to take the stop sign down. She stated that the traffic coming off Memorial Drive always has the right-of-way all the time. She stated that it's a State right-a-way and we don't have control over that.

**Councilor Laflamme** stated that Walmart would have to go through the Mass DOT to have it put up.

**Councilor Dobosz** stated why doesn't the State do something like the top of McKinstry Hill where the right-of-way will have a blinking green light. He stated the two entry ways that don't have the right-of-way should be clearly marked.

**Elizabeth Botelho** stated when you propose a project the plans are prepared and they go through a review process. She stated that when Walmart went through the review process and submitted their application to DOT for their access on Memorial Drive, this is what was approved based on that project. She stated it would be up to the property owner to come up with a solution and then submit it to DOT for their approval.

**Councilor Krampits** stated he also stops at the stop line. He stated that there needs to be some signage added to make people aware that you don't need to stop there anymore or to exercise caution.

**Councilor Dobosz** stated that he would strongly consider hiring a Police Officer and more people in general is a great deterrent. He stated that there's also research that Walmart hires the least amount of people and I don't think Walmart is safe.

**Councilor Laflamme** stated this is a lot of great information. He stated that hopefully we

can work together and you can work with the Chief of Police. He stated that if it doesn't work we will have to call you back in. He stated we will give it some time and hopefully hear some great response that things are getting done.

## **ITEM #2**

BE IT ORDERED THAT the Public Safety Committee meet to discuss security measures in the City schools. (what has been done, what is being done, and what will be done)

**Councilor Laflamme** stated that he wanted to see what steps were taken on the incident That happened at Chicopee Comprehensive High School.

**Councilor Roy** asked what are you doing to prevent situations like this in the schools.

**Lieutenant Pat Major** stated that we've collaborated with the school department and the Mass State Police on getting some training coming in. He stated our department and the City of Chicopee is on the same page as a lot of the neighboring communities and there is a lot of common language being used now so there's no confusion. He stated that the training consists of what to do if an intruder comes in, if there's a bad weather situation or if there's a situation going on outside that needs to be addressed. He stated that we also have training which includes evacuation and relocation. He stated we are looking at alternate locations that we might be able to get access to in an emergency like Knights of Columbus or Elms College.

**Alvin Morton** stated that it's an ongoing process and we break it down in four phases, we do prevention and mitigation, planning, preparation, response and recovery. He stated that in the last five years we've beefed up our safety procedures, we've actually changed from step color codes now we just have plain language. He stated we have lock down, shelter place, evacuation and major weather. He stated that we train for all those drills. We do four fire drills per year, two shelter, lockdown, and two severe weather drills. He stated that we changed from normal lockdown procedures and went to the State Police lockdown process which is a takeoff of ALICE alert, locate, inform, counter and invade. He stated that the State Police came in and trained all of our staff. He stated in March of 2018 we did organic lockdowns where it is no PA system but by voice going through the schools. He stated we are into the second phase which is reunification, we are going to roll the reunification drills out in the fall of this year. He stated that we also do bus evacuation drills one in the fall and one in the spring. He stated we are trying to get all the drills in place and all the training for staff. He stated we have fifteen schools, security cameras in all of our schools and we are moving all the cameras from CCTV to IP cameras and monitor the schools from central office. All schools administrative staff have walkie talkies. We are also going to do drills when kids are at lunch time. He stated that a lot of kids are coming in more and more with mental health issues so we created a mental health task force. He stated we are creating a risk assessment for students that come in. We have a Safe

and Health School Committee that meets monthly and we also meet with Rivervalley which is our contracted mental health provider, we don't have enough in our schools so we've contracted out. He stated that we are trying to do a lot of things as a preventative method. These are things that we've done over the last five years.

**Councilor Brooks** stated on the day of the lockdown the responsiveness of the entire city was amazing. The kids had already been oriented on how to do a drill three days prior to the lockdown which I thought was impressive because the kids knew exactly how to respond and the staff seemed well trained. He stated that it was amazing of the response from the Police Department they entered and secured most of the building and then the transfer process. He stated it seemed seamless. He stated as a parent and two kids who have recently been in the schools he feels safe every time she leaves to go to school every day.

**Councilor Roy** stated that you seem to have a handle on this. He asked if the people in the office have an alarm system for the school.

**Alvin Morton** answered no. He stated we do have standard operation procedures with visitor awareness. In order for you to get into the building you have to buzz in. He stated that we don't have a panic button in the office that alerts the police station. Everyone can call 911 if necessary.

**Councilor Roy** asked about the training.

**Alvin Morton** stated our training is from the State Police and the Chicopee Police Departments. We are all trying to do the same process so we've had Holyoke and South Hadley come over and walk through our buildings and we go watch their drills.

**Lieutenant Major** stated based on the event on hand and it's an event unfolding in the school, classroom or cafeteria the people in that area themselves have training that give them the opportunity to either find a safe place to hide or get out.

**Alvin Morton** stated that if they are outside they have a designated location to go to.

**Councilor Roy** stated he thinks we are in good hands with the system that's in place.

**Councilor Laflamme** asked about shades for the classrooms.

**Alvin Morton** stated that when we do the drills we make a list of the shades that are missing in the windows and then we talk to the Director of Maintenance and we make those changes necessary.

**Councilor Laflamme** was glad to hear there's a corrective action plan going through the lower half of all the buildings.

**Councilor Brooks** stated that he has never had to identify himself when picking up his daughter at school. Is there a more standard protocol for that.

**Alvin Morton** stated yes, if you're buzzed in you are asked to remove sunglasses and hats so they can see your face and you state your business. He stated once they verify you are buzzed in and you go to the office, sign in and show identification.

**Susan Lopes** School Committee asked what the ETA on the to go bags are per Mr. Pease.

**Lieutenant Major** answered about three weeks.

**Chief Jebb** stated that over the past five years we've increased our training and tactical team. We are doing the right training and we're in mutual agreements with every community around us. He stated that he feels very confident having there been an actual active shooter. This was a test of our great capabilities.

**Councilor Vieau** stated that the reason this was brought forward was so we could feel rest assured that our schools are being proactive and we are feeling safer. He stated that City

Hall is a wide open building and people come and go as they please every day and we want people to feel safe when they come to work here. He stated that he is looking to get some ideas on how we could be more proactive here at City Hall as well in getting some ideas from you.

**Councilor Tillotson** asked about metal detectors.

**Alvin Morton** stated that we only have metal detectors in our alternative school. He stated that we cannot put metal detectors in Chicopee Comp or Chicopee High because it will take an hour and a half to get kids in school.

# RK Centers acquires Walmart Supercenter for \$18M

NEEDHAM — RK Centers, a real estate development company that owns and manages more than eight million square feet of commercial space in New England and South Florida, recently completed its acquisition of the Walmart Supercenter at 591 Memorial Drive in Chicopee.

The 12.7-acre property is also home to a 99 Restaurant for a combined retail space of 223,526 square feet. The purchase price was \$18,600,000.

The purchase was announced March 15 by Ken Fries, director of acquisitions for RK Centers, noting the acquisition comes months following the company's acquisition of the 114,000 square-foot Walmart Supercenter in Saugus.

In the last three years, RK Centers has acquired

more than 2.3 million square feet. Our investment formula focuses on open-air, well-situated, heavy traffic locations with good demographics — and respected credit tenants," Fries said.

Seller of the Chicopee property was UE Chicopee Holding LLC. The purchasing entity is R.K. Chicopee, LLC. Brokers for the transaction were Nat Heald, executive VP, and Chris Angelone, managing director, of Jones Lang LaSalle / N. E. Capital Markets.

RK now includes in its portfolio five properties anchored by Walmart stores. In addition to the new Saugus and Chicopee locations, the 387,000 square foot RK Worcester Crossing, the 160,000 square foot RK North Reading Plaza, and the 275,000 square foot RK Newport Towne Center in Newport, Rhode Island.
